

Partnership between ROMACKcrane, Gantrails and SM-Schientechnik has made a vast option list containing over 100 rail selections to choose from. The main types are as follows:

- Crane rails - with thick webs
- Railways rail style - with relatively thin webs
- Sections which are rectangular but which have flanges to form a foot

Romackcrane suggests bellow Crane Rails, however, other products are also available:

Product	Type	Data File
Crane Rail	QU70 (Gantrails)	Datasheet
Crane Rail	QU80 (Gantrails)	Datasheet
Crane Rail	QU100 (Gantrails)	Datasheet
Crane Rail	A75 (Gantrails)	Datasheet
Crane Rail	A100 (Gantrails)	Datasheet
Crane Rail	A120 (Gantrails)	Datasheet
Crane Rail	Flat Bar (SM-Schientechnik)	Datasheet
Crane Rail	A Form (SM-Schientechnik)	Datasheet
